Bi-Fold Windows

An increasingly popular choice, Sentry bi-fold windows fold back in a concertina style to offer a full-width opening and maximum air and light.

Liniar bi-fold windows are popular for use in conservatories and orangeries and are also ideal for the commercial sector. During the summer months, they can transform a café or restaurant giving any establishment an outdoor, open feel, while being secure and child-friendly. If a bi-folding door isn't an option for your home, a bi-fold window can offer similar benefits whilst allowing you to retain valuable wall space inside your property. Made to measure, a Liniar bi-fold window can be manufactured up to 4 panes wide and 1800mm high.

Handle Colour Options

| Chrome | Gold | Black | White |

Guide

For orders to be eligible for "Lifetime Security Warranty", please note these goods need to have been specified as Secure by Design at the point of sale, together with an order placed to the manufacturer by the installation company stipulating the upgraded security options, this must include all high security Yale Hardware and 3 star door lock cylinders, the manufacturer is not responsible for the sale of goods to the consumer, this is the responsibility of the installation company to specify these products, no lifetime warranty is available for goods that have not been upgraded to Secure by Design Yale products at the point of order with the manufacturers.

"Please note, the Lifetime Security Warranty and extended mechanical warranty offerings are subject to installer application and being an approved installer of the scheme. It's the consumers responsibility to ensure that all products are maintained in conjunction with the maintenance guidelines together with the terms and conditions as set out in the Homeowner Guide, copies of which are available via the QR Code within your windows and doors. The warranty does not cover breakage or failure due to misuse or neglect of maintenance of any moving parts.

Please note, Bi-Folding Windows, Bi-Folding Doors, Tilt and Turn Windows, Stable Doors and Patio Doors are currently under development with Yale, however you can retrofit face fixed sensors which will enable you to upload these into your App for a full complement of products in your home. Please note, these products only display open and closed positions in your App. Available direct from Yale via the links in your QR Codes located inside your windows and doors.
